### Red Cell (Rogue Warrior Book 2) By Richard Marcinko

In the *New York Times* bestselling autobiography *Rogue Warrior*, Richard Marcinko chronicled his controversial career in the U.S. Navy's elite maritime commandos, the SEAL teams.

After his success as creator and commander of the counterterrorist SEAL TEAM SIX, he was ordered to create *Red Cell* -- a dirty-dozen team of SEALs whose mission was to infiltrate the Navy's most secure installations. Marcinko did his job too well. His reward was a year in a federal penitentiary.

During that year, Marcinko and John Weisman wrote *Rogue Warrior*...but government restrictions meant Marcinko could only tell a fraction of his incredible story. Now the secrets he could not reveal explode on the page as the *Rogue Warrior* returns in the blockbuster suspense novel of the year -- a novel with him as the hero!

As *ROGUE WARRIOR II: RED CELL* begins, Marcinko, now a freelance security expert, makes a shocking discovery: smugglers are transferring nuclear materials to North Korea through Japan -- with backing from traitorous Americans. Recalled involuntarily to command RED CELL and stop the operation, the *Rogue Warrior*, with his loyal SEALs, will do anything to crush those who would betray America for a price. Based on current SEAL tactics, *ROGUE WARRIOR II: RED CELL* is an electrifying, sure-fire hit.

### Editorial Review

From Publishers Weekly

Counterterrorist expert Marcinko's (Rogue Warrior) novel concerning a smuggling operation based in Japan was a six-week PW bestseller.

Copyright 1994 Reed Business Information, Inc.

From Library Journal

Marcinko promised to be back after recounting his adventures in the original *Rogue Warrior* (Audio Reviews, LJ 4/1/ 93). He adamantly claims that this sequel is fiction, going so far as to have a disclaimer at the beginning of the tape. Is this "plausible denial," or what? Anyway, the author spins a good tale about nuclear-tipped Tomahawk cruise missiles being stolen for a group of Japanese ultranationalists. Marcinko (who casts himself as the lead character), just out of the pen, is called out of the civilian work force by the Navy and put back in charge of his old SEAL Red Cell team. His mission: track down the missiles. The action is continuous, and Marcinko and his team zigzag all over the United States and across the Pacific. Marcinko's reading is excellent and is filled with details (and adjectives) from his 30 years of service. The only drawback is that the action in this abridgment is somewhat jumpy. Recommended for action/military collections.

From [Booklist](#)

How much of this sequel to the legendary and unorthodox SEALs leader's memoirs, *Rogue Warrior* (1992), is fiction and how much novelized actual fact is likely to remain forever in dispute, at least partly for security reasons. Marketed as a novel, this story of how Marcinko and a handful of picked SEALs defeated a high-level plot to smuggle nuclear weapons into the hands of Japanese rightists does, however, read just like an excellent thriller of the hard-boiled, action-loaded variety. Also remember that Marcinko, in spite of his maverick history and salty vocabulary, is an exceptionally proficient special warfare leader. Fans of the first *Rogue Warrior* will lap this one up, and general thriller aficionados may have fun with it, too. *Roland Green*

### Users Review

**From reader reviews:**

**Madeline Wayt:**

Book is to be different for every single grade. Book for children till adult are different content. We all know that that book is very important normally. The book Red Cell (Rogue Warrior Book 2) seemed to be making you to know about other expertise and of course you can take more information. It is extremely advantages for you.
