Contemporary Classic/Loving God By Charles Colson

In his magnificent classic, Chuck Colson shakes the church from its complacency with a penetrating look at the cost of being Christian. For those who have wondered whether there isn't more to Christianity than what they have known --- and for those who have never considered the question --- *Loving God* points the way to faith's cutting edge. Here is a compelling, probing look at the cost of discipleship and the meaning of the first and greatest commandment --- one that will strum a deeper, truer chord within even as it strips away the trappings of shallow, cultural Christianity.
