**Last Argument of Kings (The First Law)** By Joe Abercrombie

**The final novel in the First Law Trilogy by *New York Times* bestseller Joe Abercrombie.**

Logen Ninefingers might only have one more fight in him -- but it's going to be a big one. Battle rages across the North, the king of the Northmen still stands firm, and there's only one man who can stop him. His oldest friend, and his oldest enemy: it's time for the Bloody-Nine to come home.

With too many masters and too little time, Superior Glokta is fighting a different kind of war. A secret struggle in which no one is safe, and no one can be trusted. As his days with a sword are far behind him, it's fortunate that he's deadly with his remaining weapons: blackmail, threats, and torture.

Jezal dan Luthor has decided that winning glory is too painful an undertaking and turned his back on soldiering for a simple life with the woman he loves. But love can be painful too -- and glory has a nasty habit of creeping up on a man when he least expects it.

The king of the Union lies on his deathbed, the peasants revolt, and the nobles scramble to steal his crown. No one believes that the shadow of war is about to fall across the heart of the Union. Only the First of the Magi can save the world, but there are risks. There is no risk more terrible, than to break the First Law...

### Editorial Review

From Publishers Weekly

The sword & sorcery trilogy that began with *The Blade Itself* (2007) and *Before They Are Hanged* (2008) comes to a violent, sardonic and brilliant conclusion. The shaky Union, menaced simultaneously by rampaging Northmen and by Gerkish invaders from the south, now must contend with intrigue and treachery in its capital, Adua. Summoned to play parts in a devastating confrontation between magical forces, conscience-ridden berserker Logen Ninefingers and honest, weary Union commander Colonel West come down from the north to meet painfully self-aware torturer Glokta, revenge-obsessed female warrior Ferro, pliable young adventurer Jezal and scheming, unscrupulous mage Bayaz. All these people are believable, especially as they dabble in grimly convincing magic and struggle to hear their consciences through the roar of carnage and betrayal. Abercrombie is a fresh new talent, presenting a dark view of life with wit and zest, and readers will mourn the end of this vivid story arc. (Sept.)

Review

"Pointed, driven, and sharp." ***Locus on Red Country***

"Magnificent, richly entertaining" ***Time on The Heroes***

"Imagine *The Lord of the Rings* as directed by Kurosawa." ***Lev Grossman, Wall Street Journal on The Heroes***

"[Abercrombie has] begun breaking his own rules. And succeeding wildly at it. ... [R]arely has Abercrombie had so much fun while rollicking through his colorful cast's foibles and witty dialogue - and rarely has he dished out so much straight-for-the-heart poignancy." ***The A.V. Club***

"New, fresh, and exciting." ***The Independent (UK)***

"Exhilarating... Abercrombie's knack for wit and grit holds your attention throughout, and his eye for character means that there's heart as well as muscle." ***SFX (UK)***
