### Six Degrees of Scandal By Caroline Linden

Olivia Townsend is in trouble and out of options. Pursued by a dangerous man in search of a lost treasure she doesn't possess, she's got only two things in her favor: her late husband's diary, which she was never meant to see... and the man who was her first—and only—love. Losing him broke her heart, though she's been careful to hide it for the last ten years. But when he comes to her aid and vows to stand by her, no matter what, she can't help but hope things will be different for them this time.

James Weston has blamed himself for letting Olivia down when she needed him years ago, and now he'll do whatever it takes to keep her safe—and to win her trust again. He's confident he can outwit the villain chasing Olivia. But being so near her again threatens to expose every secret in his heart ... even those that he swore would stay hidden forever.

## **Editorial Review**

From Publishers Weekly

Linden's sensuous fourth Scandalous Regency (after *Love in the Time of Scandal*) pairs up an independent heroine and a dependable hero. Olivia Herbert and Jamie Weston meet as young children in Sussex and eventually pledge their love to one another, determined to marry. When Olivia's father forces her to wed another man for quick financial security, both Jamie and Olivia are devastated. Ten years later, Olivia is alone after the death of her husband, Henry Townsend, and is fleeing evil Viscount Clary, a man who wants her for his mistress and may have been involved in shady dealings with her deceased husband. Jamie steps in to save her from the attentions of the viscount, and their flame rekindles, but Olivia is determined to keep him at arm's length for fear of being hurt again. With Jamie's help, Olivia discovers that she is a capable woman who can accomplish a great deal on her own and is even stronger when she and Jamie are together. The gradual awakening of sensuality between Jamie and Olivia is expertly written, and the undercurrent of mystery surrounding Clary's pursuit of Olivia propels the novel swiftly forward to its stunning conclusion. (Mar.)

About the Author

Caroline Linden was born a reader, not a writer. She earned a math degree from Harvard University and wrote computer software before turning to writing fiction. Twelve years, sixteen books, three Red Sox championships, and one dog later, she has never been happier with her decision. Her books have won the NEC Reader's Choice Beanpot Award, the Daphne du Maurier Award, the NJRW Golden Leaf Award, and RWA's RITA® Award. Since she never won any prizes in math, she takes this as a sign that her decision was also a smart one.
