Valuation for Mergers and Acquisitions (2nd Edition) By Barbara Petitt, Kenneth Ferris

Master the latest insights, lessons, and best practice techniques for accurately valuing companies for potential mergers, acquisitions, and restructurings. Concise, realistic, and easy to use, *Valuation for Mergers and Acquisitions, Second Edition* has been fully updated to reflect the field's latest and most useful "rules of thumb," compare every modern approach to valuation, offering practical solutions for today's most complex and important valuation challenges. Treating valuation as both an art and a science, it covers the entire process, offering up-to-the-minute real-world advice, examples, and case studies. Leading valuation experts Kenneth R. Ferris and Barbara S. Petitt introduce and compare leading techniques including discounted cash flow analysis, earnings multiples analysis, adjusted present value analysis, economic value analysis, and real option analysis. They fully address related concerns such as the accounting structure of deals, accounting for goodwill, tax considerations, and more. Throughout, they identify common errors that lead to inaccurate valuation, and show how to avoid them. From start to finish, this guide doesn't just make valuation comprehensible: it provides the tools and insight to make valuation *work*.

For all financial professionals concerned with valuation, especially those involved in potential mergers, acquisitions, and restructurings; and for corporate finance instructors and students in Executive MBA programs concerned with valuation.

Editorial Review

About the Author

KENNETH R. FERRIS, (Tempe, Arizona) a valuation and acquisition consultant to small and mid-cap companies in Central America, served on the faculty at Northwestern's Kellogg School of Management; SMU's Cox School of Business; Thunderbird School of Global Management; Drucker School of Business at Claremont Graduate School, and Arizona State's W.P. Carey School of Business. He was a director for three NYSE-listed firms.

BARBARA S. PETITT, (Bournemouth, UK), visiting Assoc. Prof. of Finance at Thunderbird, specializes in corporate finance, valuation, mergers, acquisitions, and restructurings. She has consulted with corporate clients throughout Europe and North America.

Users Review

From reader reviews:

Gabriel Cleveland:

The reserve untitled Valuation for Mergers and Acquisitions (2nd Edition) is the book that recommended to you to see. You can see the quality of the publication content that will be shown to a person. The language that article author use to explained their way of doing something is easily to understand. The author was did a lot of investigation when write the book, to ensure the information that they share for your requirements is absolutely accurate. You also could get the e-book of Valuation for Mergers and Acquisitions (2nd Edition) from the publisher to make you a lot more enjoy free time.

Carmen Hamm:

Your reading sixth sense will not betray you, why because this Valuation for Mergers and Acquisitions (2nd Edition) reserve written by well-known writer who really knows well how to make book which might be understand by anyone who also read the book. Written inside good manner for you, still dripping wet every ideas and writing skill only for eliminate your current hunger then you still hesitation Valuation for Mergers and Acquisitions (2nd Edition) as good book not merely by the cover but also from the content. This is one book that can break don't evaluate book by its handle, so do you still needing an additional sixth sense to pick this specific!? Oh come on your examining sixth sense already told you so why you have to listening to another sixth sense.

Rachel Morris:

As a college student exactly feel bored to help reading. If their teacher expected them to go to the library or make summary for some book, they are complained. Just minor students that has reading's heart or real their leisure activity. They just do what the professor want, like asked to go to the library. They go to at this time there but nothing reading very seriously. Any students feel that reading through is not important, boring

along with can't see colorful images on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this era, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. So , this Valuation for Mergers and Acquisitions (2nd Edition) can make you truly feel more interested to read.

Rebbeca Farley:

What is your hobby? Have you heard which question when you got pupils? We believe that that question was given by teacher for their students. Many kinds of hobby, Every individual has different hobby. And you also know that little person similar to reading or as studying become their hobby. You have to know that reading is very important and book as to be the thing. Book is important thing to add you knowledge, except your own teacher or lecturer. You get good news or update with regards to something by book. A substantial number of sorts of books that can you go onto be your object. One of them are these claims Valuation for Mergers and Acquisitions (2nd Edition).
