**Decision Making in Health Care: Theory, Psychology, and Applications (Cambridge Series on Judgment and Decision Making)** From Brand: Cambridge University Press

Decisions made by physicians, patients, health policy makers and health insurers determine the quality of health care that is needed and provided for. This up-to-date, comprehensive overview of medical decision making reveals a rapidly expanding field. The book covers quantitative theoretical tools for modeling decisions, psychological research on how decisions are actually made, and applied research on how physician and patient decision making can be improved. Hb ISBN (2000): 0-521-64159-4

## **Editorial Review**

### **Review**

"[T]he chapters present a comprehensive overview... [They] contain valuable information for researchers of medical decision making, bringing together the topics that matter to help improve medical decisions... What makes this volume valuable...is that the reader is tempted to look further than at her/his primary topic of interest. Theorists will learn of practical applications...and designers of computer support will be informed about policy matters. European Association of Decision Making Bulletin

"...a valuable contribution to the field." Applied Cognitive Psychology

## **Users Review**

### **From reader reviews:**

#### **Robert Schrader:**

Do you really one of the book lovers? If yes, do you ever feeling doubt if you find yourself in the book store? Try and pick one book that you never know the inside because don't determine book by its handle may doesn't work here is difficult job because you are scared that the inside maybe not because fantastic as in the outside appear likes. Maybe you answer could be Decision Making in Health Care: Theory, Psychology, and Applications (Cambridge Series on Judgment and Decision Making) why because the excellent cover that make you consider in regards to the content will not disappoint you. The inside or content is fantastic as the outside as well as cover. Your reading 6th sense will directly make suggestions to pick up this book.

#### **Carolyn Wilson:**

Is it you actually who having spare time then spend it whole day by simply watching television programs or just telling lies on the bed? Do you need something new? This Decision Making in Health Care: Theory, Psychology, and Applications (Cambridge Series on Judgment and Decision Making) can be the solution, oh how comes? It's a book you know. You are therefore out of date, spending your spare time by reading in this brand new era is common not a geek activity. So what these publications have than the others?

#### **Samuel Crader:**

As a university student exactly feel bored for you to reading. If their teacher requested them to go to the library as well as to make summary for some reserve, they are complained. Just minor students that has reading's soul or real their hobby. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading significantly. Any students feel that reading is not important, boring along with can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this age, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this Decision Making in Health Care: Theory, Psychology, and Applications

(Cambridge Series on Judgment and Decision Making) can make you truly feel more interested to read.

**Ashley Robinette:**

What is your hobby? Have you heard this question when you got learners? We believe that that concern was given by teacher on their students. Many kinds of hobby, Every individual has different hobby. And you also know that little person like reading or as reading become their hobby. You have to know that reading is very important and book as to be the matter. Book is important thing to increase you knowledge, except your current teacher or lecturer. You will find good news or update regarding something by book. Numerous books that can you go onto be your object. One of them is Decision Making in Health Care: Theory, Psychology, and Applications (Cambridge Series on Judgment and Decision Making).
