Social Inequality: Forms, Causes, and Consequences, Fifth Edition By Charles E. Hurst

This text explores how social inequality in the United States can be explained, how it affects us, and what can be done about it. The book is based on the assumptions that social inequality is multidimensional and that in order to deal with inequality and its consequences we need to understand the theories behind it. Taking a historical and social structural approach, the author simply but compellingly gives a sense of the pervasiveness of social inequality and how it affects us all. For the fifth edition: *An examination of the pros and cons of globalization has been added to the chapter on globalization. *A powerful, in-depth discussion of socioeconomic status of homosexuals and legal discrimination demonstrates how sex, sexual orientation, and gender lead to discrimination in the legal system. *Added coverage of environmental racism reminds students that economic "resources" are not limited to income, but also to land. *The addition of discussion on Herbert Spencer's theories of social inequality complements the discussions of the poor and welfare reform.

Editorial Review

From the Back Cover

This text explores how social inequality in the United States can be explained, how it affects us, and what can be done about it. The book is based on the assumptions that social inequality is multidimensional and that in order to deal with inequality and its consequences we need to understand the theories behind it.

Taking a historical and social structural approach, the author simply but compellingly gives a sense of the pervasiveness of social inequality and how it affects us all.

For the fifth edition:

- An examination of the pros and cons of globalization has been added to the chapter on globalization.
- A powerful, in-depth discussion of socioeconomic status of homosexuals and legal discrimination demonstrates how sex, sexual orientation, and gender lead to discrimination in the legal system.
- Added coverage of environmental racism reminds students that economic “resources” are not limited to income, but also to land.
- The addition of discussion on Herbert Spencer's theories of social inequality complements the discussions of the poor and welfare reform.

Users Review

From reader reviews:

John Harrison:

What do you think about book? It is just for students since they're still students or it for all people in the world, exactly what the best subject for that? Merely you can be answered for that question above. Every person has distinct personality and hobby for every single other. Don't to be forced someone or something that they don't want do that. You must know how great and important the book Social Inequality: Forms, Causes, and Consequences, Fifth Edition. All type of book is it possible to see on many solutions. You can look for the internet solutions or other social media.

Ralph Scott:

This Social Inequality: Forms, Causes, and Consequences, Fifth Edition is great publication for you because the content which can be full of information for you who else always deal with world and also have to make decision every minute. This specific book reveal it facts accurately using great coordinate word or we can claim no rambling sentences in it. So if you are read it hurriedly you can have whole facts in it. Doesn't mean it only provides you with straight forward sentences but challenging core information with attractive delivering sentences. Having Social Inequality: Forms, Causes, and Consequences, Fifth Edition in your hand like getting the world in your arm, data in it is not ridiculous one particular. We can say that no book that offer you world with ten or fifteen second right but this guide already do that. So , this is certainly good reading book. Hey there Mr. and Mrs. hectic do you still doubt which?

Margaret Thompson:
