## The American Journey of Barack Obama By The Editors of Life Magazine

For decades Americans have turned to LIFE to see, understand, and remember the most important events and people of our time. Just as LIFE once opened up the glittering Kennedy White House, LIFE now focuses its lens on Barack Obama. *The American Journey of Barack Obama* covers the candidate from his childhood and adolescence to his time as editor of *The Harvard Law Review* and his Chicago activist years, culminating with the excitement and fervor of the historic 2008 Democratic National Convention. The unfolding drama of Obama's life and political career is cinematic in scope, and never has it been presented so compellingly. In addition to a powerful array of photographs that were taken by many of the country's greatest photographers (and some that were snapped, in the quiet moments, by Obama family members themselves), this book also includes a Foreword by Senator Edward M. Kennedy, an incisive narrative biography and original essays by some of our finest writers, including Gay Talese, Charles Johnson, Melissa Fay Greene, Andrei Codrescu, Fay Weldon, Richard Norton Smith, Bob Greene and several others. Many readers will find a new understanding of Obama. All readers will feel that they are bearing witness to a singular, undeniably American story.

## **Editorial Review**

### **Review**

"The phenomenon that is Barack Obama has intrigued us all. Who is Barack Obama? The editors of LIFE have gone a very long way toward helping us all answer this question. Senator Obama's singularly American life has been characterized by tragedy and triumph, drama and despair, anxiety and anticipation, and, ultimately, enormous excitement and the deepest historical significance. In this book, Obama's tale is told in all of its dimensions, from the mistakes he has made and the obstacles he has confronted and overcome, to his moments of almost sublime and glorious transcendence. With spectacular photographs--funny, surprising, exceptional in detail--combined with a highly readable narrative, Obama's biography comes to life, from his youth in Hawaii to his roots in Africa, from Harvard to Chicago and, eventually, to his life as a public servant in Washington. Who is Barack Obama? Read these compelling words and study these exceptionally candid and beautiful photographs and discover the answer for yourself."? **Henry Louis Gates, Jr.**

### **About the Author**

LIFE has long been one of the country's pre-eminent publishers of periodicals and books, and is renowned for its presentation of photography. The editors who bring you THE AMERICAN JOURNEY OF BARACK OBAMA are the same who created *One Nation: America Remembers September 11, 2001*, also published by Little, Brown, which reached No. 1 on the *New York Times* bestseller list and was hailed by *The Wall Street Journal* as "a thorough and thoughtful telling."

### **From [AudioFile](#)**

Regardless of one's political viewpoint, the story of President Obama's journey to the White House deserves to be heard, and the editors of LIFE Magazine have the expertise to recount such a trip. Staying as neutral as possible, they examine how the president achieved the highest political office in the nation and suggest possible ways to understand his trajectory. There is a lingering shrillness in Richard Allen's voice that distracts from his otherwise perfectly good narration. While this issue with timbre is not enough reason to avoid the production, some listeners may find it grating by the book's end. L.E. © AudioFile 2010, Portland, Maine

## **Users Review**

### **From reader reviews:**

#### **Sheila Nathan:**

Nowadays reading books be a little more than want or need but also get a life style. This reading behavior give you lot of advantages. Advantages you got of course the knowledge the actual information inside the book this improve your knowledge and information. The information you get based on what kind of e-book you read, if you want send more knowledge just go with training books but if you want sense happy read one with theme for entertaining such as comic or novel. The particular The American Journey of Barack Obama is kind of book which is giving the reader unpredictable experience.

**Richard Segers:**

Information is provisions for people to get better life, information currently can get by anyone on everywhere. The information can be a know-how or any news even a problem. What people must be consider while those information which is from the former life are difficult to be find than now is taking seriously which one works to believe or which one the particular resource are convinced. If you find the unstable resource then you get it as your main information there will be huge disadvantage for you. All of those possibilities will not happen inside you if you take The American Journey of Barack Obama as the daily resource information.

**Donald Mobley:**

Reading a book tends to be new life style within this era globalization. With reading you can get a lot of information that can give you benefit in your life. Having book everyone in this world may share their idea. Publications can also inspire a lot of people. A great deal of author can inspire their very own reader with their story or maybe their experience. Not only situation that share in the textbooks. But also they write about advantage about something that you need example of this. How to get the good score toefl, or how to teach children, there are many kinds of book that you can get now. The authors nowadays always try to improve their expertise in writing, they also doing some study before they write on their book. One of them is this The American Journey of Barack Obama.

**Katie Harper:**

A lot of people always spent their own free time to vacation or perhaps go to the outside with them friends and family or their friend. Do you know? Many a lot of people spent many people free time just watching TV, as well as playing video games all day long. If you wish to try to find a new activity that's look different you can read a new book. It is really fun for yourself. If you enjoy the book that you read you can spent all day long to reading a reserve. The book The American Journey of Barack Obama it is extremely good to read. There are a lot of people who recommended this book. These were enjoying reading this book. In the event you did not have enough space to deliver this book you can buy typically the e-book. You can m0ore very easily to read this book out of your smart phone. The price is not too costly but this book has high quality.
