A Biodynamic Manual: Practical Instructions for Farmers and Gardeners

By Pierre Masson

“The definitive practical manual for biodynamic farmers and gardeners, with a section on viticulture.”

?**David Lorimer**, *Scientific Medical Network Review*

For anyone already practicing, or turning to, biodynamic gardening and farming methods, numerous detailed questions arise, such as:

- How do I choose my seeds?
- What fertilizers should I use?
- Which natural products are most effective?

This manual, fully illustrated with explanatory diagrams and photographs, provides the answers. The book covers:

- all aspects of making and using biodynamic preparations and composts
- managing the health of plants
- weed control
- parasite control
- issues of mixed cultivation
- animal care
- specialized crops and planting such as fruit trees and vines

Although the technical aspects of biodynamic growing are exhaustively covered, the author also considers the human qualities necessary for this kind of agriculture to succeed.

A Biodynamic Manual is an invaluable guide for all biodynamic growers to have to hand daily.

Editorial Review

Review

'The definitive practical manual for biodynamic farmers and gardeners, with a section on viticulture.' --
David Lorimer, Scientific Medical Network Review

From the Inside Flap

For anyone already practicing, or turning to, biodynamic gardening and farming methods, numerous detailed questions arise, such as:

- * How do you choose your seeds?
- * What fertilisers should you use?
- * Which natural products are most effective?

This manual, fully illustrated with explanatory diagrams and photographs, provides the answers. The book covers

- * all aspects of making and using biodynamic preparations and composts
- * managing the health of plants
- * weed control
- * parasite control
- * issues around mixed cultivation
- * animal care
- * specialised crops and planting such as fruit trees and vines

Although the technical aspects of biodynamic growing are exhaustively covered, the author also considers the human qualities necessary for this kind of agriculture to succeed.

This is an invaluable guide for all biodynamic growers to have to hand daily.

About the Author

Pierre Masson with decades of practice in biodynamics on a mixed farming and breeding farm in Burgundy passes on his vast knowledge while serving as a consultant and teacher. His experience in the field and his association and consulting work with numerous winegrowers over the years has given Pierre a global and practical vision of biodynamics.

Users Review
