All About Love: New Visions By bell hooks

"The word "love" is most often defined as a noun, yet...we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in *All About Love*. Here, at her most provocative and intensely personal, the renowned scholar, cultural critic, and feminist skewers our view of love as romance. In its place she offers a proactive new ethic for a people and a society bereft with lovelessness.

As bell hooks uses her incisive mind and razor-sharp pen to explore the question "What is love?" her answers strike at both the mind and heart. In thirteen concise chapters, hooks examines her own search for emotional connection and society's failure to provide a model for learning to love. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for the individuals and for a nation. *The Utne Reader* declared bell hooks one of the "100 Visionaries Who Can Change Your Life." *All About Love* is a powerful affirmation of just how profoundly she can.

Editorial Review

Amazon.com Review

Readers of bell hooks's fiery and eloquent attacks on racism and sexism might be surprised to see her take on the elusive subject of love, but in her own unique way, hooks beautifully weaves her childhood search for that emotion with society's misuse (and dire need) of it. *All About Love* takes apart the sentimental and often fleeting aspects of romance, stuck in the muddled urges of sex, and details the problems that arise from the confusion between the two. What hooks does best is reveal that the true force of love lies in its spiritual, redemptive power, which can impact positively on humankind: "When angels speak of love they tell us it is only by loving that we enter an earthly paradise," she writes. "They tell us paradise is our home and love our true destiny." --Eugene Holley Jr.

From Publishers Weekly

Taking on yet another popular topic in her role as cultural critic, hooks blends the personal and the psychological with the philosophical in her latest book--a thoughtful but frequently familiar examination of love American style. A distinguished professor of English at City College in New York City, she explains her sense of urgency about confronting a subject that countless writers have analyzed: "I feel our nation's turning away from love as intensely as I felt love's abandonment in my girlhood. Turning away, we risk moving in a wilderness of spirit so intense we may never find our way home again." With an engaging narrative style, hooks presents a series of possible ways to reverse what she sees as the emotional and cultural fallout caused by flawed visions of love largely defined by men who have been socialized to distrust its value and power. She proposes a transformative love based on affection, respect, recognition, commitment, trust and care, rather than the customary forms stemming from gender stereotypes, domination, control, ego and aggression. However, many of her insights about self-love, forgiveness, compassion and openness have been explored in greater depth by the legion of writers hooks quotes liberally throughout the book, such as John Bradshaw, Lucia Hodgson, Thich Nhat Hanh, Thomas Merton and M. Scott Peck, among others. Still, every page offers useful nuggets of wisdom to aid the reader in overcoming the fears of total intimacy and of loss. Although the chapter on angels comes across as filler, hooks's view of amour is ultimately a pleasing, upbeat alternative to the slew of books that proclaim the demise of love in our cynical time.
