### Daily Life in 18th-Century England By Kirstin Olsen

The eighteenth century was dirtier, more dangerous and more intimate with the physical functions of life than our own. This excellent study of England during this era provides a wealth of information for students and interested readers who want to discover the everyday details of living. What does it really mean to read the riot act? Why does Yankee Doodle call his hat macaroni? What's the scoop on pig's face, boiled puddings, powdered wigs, farthings, face patches, and footmen? Find out in this introduction to the work of gouty squires, scurvy sailors, hanged apprentices, and underpaid maids-of-all work.

Illuminating the food, habits, language, behavior, sex lives, childhoods, health care, housing, and attitudes of 18th-century English people, this exploration of the time and place also provides the reader with such detailed information as how people fought, courted, drank, married, traveled, worshipped, shopped, and dressed. Twenty chapters describe and illustrate the century's politics, class structure, family structure, urban and rural environments, architecture and much more. Also offered are recipes, so the reader can recreate an eighteenth-century meal, song lyrics, children's rhymes, rules for eighteenth-century games, an extensive list of salaries for different occupations, the text of the original Riot Act, reproduced cosmetics recipes, and other concrete examples of daily life and language that make the century tangible.

## **Editorial Review**

### **Review**

"Although some excellent specialized studies are available, very few general studies of social life and customs in eighteenth-century England have been published in the past 75 years. None of them have the scope and detail of the present volume, which can be read through with pleasure or (due to its arrangement and extensive index) used for reference purposes....Recommended for circulating collections of public and academic libraries and for reference collections of libraries that support English or European history curricula."-American Reference Books Annual

"[t]he author and Greenwood Press are to be commended."-Albion

"This book provides an excellent look at what it must have been like to live in England at that time....An interested reader can find recipes to recreate an 18th-century meal, rules for games, children's rhymes and song lyrics, how much someone earned in a certain occupation, and other excellent examples of everyday life in that time and place. High school readers will find this an easy and interesting read."-The Book Report

"Olsen's descriptions are so lively that the book is a virtual tour of England in the 1700s....Every part of the country and every facet of life come under Olsen's magnifying glass....Daily Life in 18th - Century England is a useful compilation of a great deal of interesting and useful information, with a detailed bibliography for readers who want to examine primary and secondary sources. Illustrations are plentiful and helpful. Anyone with an interest in eighteenth-century or Victorian England will find much to enjoy here."-Reviewers Consortium

"Ýt the author and Greenwood Press are to be commended."-Albion

## Users Review

### From reader reviews:

#### Christopher Hannah:

Do you one of people who can't read gratifying if the sentence chained inside the straightway, hold on guys this aren't like that. This Daily Life in 18th-Century England book is readable through you who hate those straight word style. You will find the facts here are arrange for enjoyable examining experience without leaving actually decrease the knowledge that want to offer to you. The writer of Daily Life in 18th-Century England content conveys the thought easily to understand by a lot of people. The printed and e-book are not different in the written content but it just different in the form of it. So , do you continue to thinking Daily Life in 18th-Century England is not loveable to be your top list reading book?

#### Gladys Dearth:

Precisely why? Because this Daily Life in 18th-Century England is an unordinary book that the inside of the publication waiting for you to snap this but latter it will jolt you with the secret this inside. Reading this book next to it was fantastic author who else write the book in such incredible way makes the content within easier to understand, entertaining technique but still convey the meaning fully. So , it is good for you for not hesitating having this any more or you going to regret it. This amazing book will give you a lot of positive aspects than the other book include such as help improving your proficiency and your critical thinking means. So , still want to hesitate having that book? If I had been you I will go to the guide store hurriedly.

#### Carlos Lauzon:

On this era which is the greater man or woman or who has ability to do something more are more treasured than other. Do you want to become considered one of it? It is just simple method to have that. What you are related is just spending your time not very much but quite enough to possess a look at some books. On the list of books in the top collection in your reading list will be Daily Life in 18th-Century England. This book which is qualified as The Hungry Mountains can get you closer in turning into precious person. By looking right up and review this book you can get many advantages.

#### Drew Dube:

As a college student exactly feel bored to reading. If their teacher inquired them to go to the library in order to make summary for some book, they are complained. Just minor students that has reading's heart and soul or real their passion. They just do what the teacher want, like asked to go to the library. They go to at this time there but nothing reading very seriously. Any students feel that looking at is not important, boring along with can't see colorful pics on there. Yeah, it is for being complicated. Book is very important for you

personally. As we know that on this time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore , this Daily Life in 18th-Century England can make you feel more interested to read.
