### Editorial Review

#### Amazon.com Review

Himself an inspiration to millions through his motivational speeches and bestselling books, John C. Maxwell reaches out to the leading icons of the Old Testament for the life and leadership lessons conveyed in his thought-provoking albeit slim *Running with the Giants*. Maxwell, author of *The 21 Irrefutable Laws of Leadership* and a half-dozen other books on the topic, writes here that biblical personalities like Abraham, Joseph, and Moses can provide us with the real "inspiration, wisdom, and empowerment" we need to lead. For example, Maxwell explains, Noah's actions teach us that "one person can make a difference"; he then fleshes out relevant maxims like "Don't be afraid to stand out in a crowd" and "Don't be afraid to do something for the first time" to bring this concept into the 21st century. Likewise, the servant girl from the book of Kings shows us how "one small act can make a big difference," but for it to happen today one must be confident and credible and "speak to people's needs." Those committed to the sources from which Maxwell draws will particularly appreciate his take on the lessons they impart, as well as his athletically inspired theme and contemporary presentation. --*Howard Rothman*

#### From Publishers Weekly

Leadership guru Maxwell, who successfully bridged secular and Christian markets with such motivational titles as *The 21 Irrefutable Laws of Leadership* and *Developing the Leader Within You*, draws on Old Testament paragons in this gifty inspirational hardback. Maxwell asks readers to envision the great "cloud of witnesses" (Heb. 12:1) said to surround us as we run the marathon of life, imagining that this cloud includes "the giants of the faith"-biblical heroes whose lives impart meaningful lessons. He includes the usual suspects: the David-tackles-Goliath tale demonstrates how people can rise above their limitations, while Noah exemplifies a willingness to take new risks (i.e., build a boat when no one had seen rain before). But there are bolder moments, too. Maxwell uses Rebekah as a model of generous giving (a welcome and underutilized virtue in business titles) and provides some gee-whiz facts to drive the point home: he estimates that to water Jacob's 10 camels, Rebekah needed about 200 gallons of water, requiring 40 trips to the well with a five-gallon jug. Such specificity helps to put a face on the virtues extolled here and offers readers a bit of insight into the Bible. Despite Maxwell's overarching metaphor of a marathon, though, the book as a whole feels more like a breathless sprint-intriguing points are raised throughout, but these promising gems lack development.
