### Editorial Review

#### Amazon.com Review

Pleasing color sketches and simple diagrams adorn the pages of *Satisfaction: The Art of the Female Orgasm* by famed *Sex and the City* actor Kim Cattrall and her husband, jazz musician Mark Levinson. The fact that Cattrall's character on the show, Samantha Jones, is a sexual giantess is likely to bump up sales a notch for this attractive, children's-size book, but nevertheless it's a very worthwhile read.

Simple concepts--open communication, trust, love, and a consistent interest in pleasing one another--are the ingredients for an enriching and fulfilling sex life that can bring two people ever closer, according to the text. The facts speak for themselves: when pressed, women will confess in droves that they are sexually frustrated. It's tricky to communicate one's carnal desires to one's lover, yet both parties must be open to this type of ongoing discussion for the formula to work.

Meanwhile, a little education for men can go a long way. The concepts are basic--anyone who isn't a virgin probably knows them. But the rub lies in the consistency, the selflessness, and the patience required of the man. Cattrall and Levinson ask their male readers how they'd feel if they experienced *some* physical pleasure during lovemaking but never got to climax; they would likely get frustrated after a while. So an abiding devotion to pleasing the woman is a basic assumption throughout, and one that isn't commonly pointed out in such an open way elsewhere. Some readers may think Cattrall and Levinson's approach offers nothing new or exciting, but this honest reminder of what it takes to be a sensitive and satisfying lover is just what the doctor ordered. --Teri Kieffer

#### From Publishers Weekly

"Some people... assume that for me to play a sexually open character, like Samantha Jones on HBO's *Sex and the City*, I must have had fabulous sex most of my life. Well, the truth is that until three years ago most of my sexual experiences were miserable," confesses Kim Cattrall, in *Satisfaction: The Art of the Female Orgasm*, a slim yet pensive guide to pleasing women in bed. Simple sketches accompany the dry text (written by Cattrall and her husband, Mark Levinson), explaining different techniques men and women can use. This book is decidedly unflashy and its approach is not at all brashly sexual (like Cattrall's TV character). Rather, it is a thoughtful manual on women's orgasms.

#### Review

"Kim Cattrall breaks all the rules. Not only is she more stunningly seductive than her fellow stars in the TV series *Sex And The City*, but she's also established that passion and pleasure go on getting better the more grown-up you become." Good Housekeeping.
