Editorial Review

Review

"This account of the Air Combat... is undoubtedly the most comprehensive to date,...This is an important contribution to the litterature of post-second world war air combat"

-Aeroplane Monthly, Aug 2006 "**Book of the Month**"

Most of the books written... deal with India-Pakistan ground war. The volume under review is the only one of its kind and opens up a new dimension in military history-writing. --The Telegraph , Sept 23, 2005 Kaushik Roy

This monumental book has come like a gust of fresh air....The authors have created an appropriate example of hard work and sincerity.. --Vayu Aerospace & Defence Review, V/2005 : Gp Capt J C Malik

*This is an unusually well-done book on a subject that has been almost completely overlooked...**This book is highly recommended**, especially for the aviation history collector who thought he had everything. --Aviation History, Mar 2006 by Col W J Boyne*

An excellent attempt by two academics makes this book unique, especially when seen in the context of the pathetic official history written by a huge team under the Indian Ministry of Defence --The Book Review India, June 2006 - Air Cmde Jasjit Singh
