**Dissensus: On Politics and Aesthetics** By Jacques Rancière

*Dissensus: On Politics and Aesthetics* brings together some of Jacques Rancière's most recent writings on art and politics to show the critical potential of two of his most important concepts: the aesthetics of politics and the politics of aesthetics.

In this fascinating collection, Rancière engages in a radical critique of some of his major contemporaries on questions of art and politics: Gilles Deleuze, Antonio Negri, Giorgio Agamben, Alain Badiou and Jacques Derrida. The essays show how Rancière's ideas can be used to analyse contemporary trends in both art and politics, including the events surrounding 9/11, war in the contemporary consensual age, and the ethical turn of aesthetics and politics. Rancière elaborates new directions for the concepts of politics and communism, as well as the notion of what a 'politics of art' might be.

This important collection includes several essays that have never previously been published in English, as well as a brand new afterword. Together these essays serve as a superb introduction to the work of one of the world's most influential contemporary thinkers.

### Editorial Review

#### Review

Title mention in *Times Higher Education*, January 2010

Rewarding in its scholarly engagement with Derrida, Arendt, Lyotard et al ... [Rancière] has a certain sardonic precision.

(*The Guardian*)

"Steven Corcoran has provided a timely and coherently organized collection of Rancière's short writings, one that can stand as a solid introduction to the author's thought...There is a distinct shift of emphasis that occurs in Rancière's writings around the late 1990's, however, and the task of a good collection would be to capture both periods and the thematic interaction between them. The writings gathered here, which date from 1996 to 2004, perform both tasks admirably...For those who seek to get a sense of both the richness and the breadth of the work of one of the most significant thinkers of our time, *Dissensus* provides a valuable resource. I can think of no better starting point than this collection."

-Todd May, *Notre Dame Philosophical Reviews*

An accessible introduction to Rancière's thought and an essential collection of his essays.

(Marx & Philosophy Review of Books)

Rewarding in its scholarly engagement with Derrida, Arendt, Lyotard et al ... [Rancière] has a certain sardonic precision.

(Sanford Lakoff)
