**The Zeroes: My Misadventures in the Decade Wall Street Went Insane** From Portfolio Hardcover

**"A delicious, salacious recounting of Wall Street's bloated decade . . . marvelously readable."** *-Business Week*

Randall Lane never set out to become a Wall Street power broker. But during the decade he calls the Zeroes, he started a small magazine company that put him near the white-hot center of the biggest boom in history. Almost by accident, a man who drove a beat-up Subaru and lived in a rented walk-up became the go-to guy for big shots with nine-figure incomes.

Lane's saga began with a simple idea: a glossy magazine exclusively for and about traders, which would treat them like rock stars and entice them to splurge on luxury goods. *Trader Monthly* was an instant hit around the world. To accelerate the buzz, Lane's staff threw parties featuring celebrities, premium steaks, cigars, and top-shelf vodka. Before long, Wall Street's rich and powerful trusted Lane as a fellow insider—the guy who could turn an anonymous trader into a cover model and media darling.

When the crash hit, Lane's company and life savings were destroyed. But he walked away with something more lasting: an incredible true story.
