Applied Hydrogeology of Fractured Rocks: Second Edition By B.B.S. Singhal †, R.P. Gupta

Hydrogeology is a topical and growing subject as the earth's water resources become scarcer and more vulnerable. More than half of the surface area of continents is covered with hard rocks of low permeability.

This book deals comprehensively with the fundamental principles for understanding the hydrogeological characteristics of rocks, as well as exploration techniques and assessment. It also provides in depth discussion on structural mapping, remote sensing, geophysical exploration, GIS, groundwater flow modelling and contaminant transport, field hydraulic testing including tracer tests, groundwater quality, geothermal reservoirs, managed aquifer recharge, and resources assessment and management.

Hydrogeological aspects of various lithology groups, including crystalline rocks, volcanic rocks, carbonate rocks and clastic formations have been dealt with separately, using and discussing examples from all over the world. It will be an invaluable text book cum reference source for postgraduate students, researchers, exploration scientists and engineers engaged in the field of groundwater development in fractured rocks.

Applied Hydrogeology of Fractured Rocks - Second Edition is thoroughly revised and extended with a new chapter, updated sections, many new examples, and expanded and updated references.

Editorial Review

Users Review

From reader reviews:

Katherine Anderson:

The book Applied Hydrogeology of Fractured Rocks: Second Edition make one feel enjoy for your spare time. You should use to make your capable far more increase. Book can to become your best friend when you getting anxiety or having big problem with your subject. If you can make studying a book Applied Hydrogeology of Fractured Rocks: Second Edition to become your habit, you can get much more advantages, like add your own capable, increase your knowledge about several or all subjects. You may know everything if you like wide open and read a guide Applied Hydrogeology of Fractured Rocks: Second Edition. Kinds of book are several. It means that, science guide or encyclopedia or others. So , how do you think about this publication?

Eddie Horton:

The actual book Applied Hydrogeology of Fractured Rocks: Second Edition will bring you to the new experience of reading some sort of book. The author style to clarify the idea is very unique. Should you try to find new book to read, this book very suited to you. The book Applied Hydrogeology of Fractured Rocks: Second Edition is much recommended to you you just read. You can also get the e-book in the official web site, so you can quickly to read the book.

Ana Worcester:

Exactly why? Because this Applied Hydrogeology of Fractured Rocks: Second Edition is an unordinary book that the inside of the book waiting for you to snap that but latter it will zap you with the secret that inside. Reading this book close to it was fantastic author who also write the book in such wonderful way makes the content on the inside easier to understand, entertaining approach but still convey the meaning totally. So , it is good for you because of not hesitating having this ever again or you going to regret it. This unique book will give you a lot of positive aspects than the other book possess such as help improving your talent and your critical thinking technique. So , still want to hold off having that book? If I ended up you I will go to the publication store hurriedly.

Miranda Durkee:

This Applied Hydrogeology of Fractured Rocks: Second Edition is great e-book for you because the content that is full of information for you who have always deal with world and still have to make decision every minute. This kind of book reveal it information accurately using great coordinate word or we can point out

no rambling sentences in it. So if you are read that hurriedly you can have whole info in it. Doesn't mean it only offers you straight forward sentences but tough core information with wonderful delivering sentences. Having Applied Hydrogeology of Fractured Rocks: Second Edition in your hand like keeping the world in your arm, facts in it is not ridiculous just one. We can say that no e-book that offer you world with ten or fifteen second right but this guide already do that. So , it is good reading book. Hey there Mr. and Mrs. occupied do you still doubt in which?
