## MAXIMUM RETENTION--MINIMAL TIME

*"...a clear and concise review of the material...there is enough content to give the student an understanding rather than them just memorizing, which allows for maximum success on the USMLE Step 1. This book is an excellent quick board review and a necessary addition to any medical student's books for the first two years." -- Adam Darnobid, Fourth Year Medical Student, SUNY Upstate Medical University*

*"All of the questions that pertain to a specific disease or clinical presentation are extremely high-yield...a good review of the topic." -- Lee Donner, Fourth Year Medical Student, SUNY Downstate College of Medicine*

*Deja Review: Biochemistry* boils down your coursework to just the critical concepts you need to know for exam success. This unbeatable guide features a quick-read, two-column "flashcard" Q&A format--specifically designed to help you remember a large amount of pertinent information in the least amount of time. The format allows you to zero-in on only the correct answers to promote memory retention and get the most out of your study time. Great for last minute review of high-yield facts, *Deja Review* provides a straightforward way for you to assess your strengths and weaknesses and so you can excel on your course exams and the USMLE Step 1.

- Active recall questions allow you to *understand*, not just memorize, the content
- Clinical vignettes at the end of chapters prepare you for board-style questions
- Portable size for study on the go--fits in your white coat pocket
- Bookmark included to guide you through easy-to-use flashcard presentation
