Economics for Business & Management By Stuart Wall, Alan Griffiths

Economics for Business and Management Alan Griffiths and Stuart Wall Second Edition Reading through Economics for Business and Management has been both a pleasure and a revelation. A particular strength is the inclusion of self-assessed questions and practice activities. A nice user-friendly book, easy and logical to navigate, well indexed.' Jamie Roper, Staffordshire University This is an excellent economics textbook which admirably incorporates awareness of business management practices and theoretical approaches.' Dr Ivan Weir, Newcastle University An exciting introduction to the key principles of microeconomics and macroeconomics for aspiring decision makers of the future, with its global relevance emphasised by the existence of Chinese and Russian language editions. The second edition of Economics for Business and Management focuses on real-life business situations in both functional and strategic areas of business and management. It applies key concepts in economics and business to a wide variety of situations helping you to answer questions such as: *Why is offshoring now a major concern for South Korea?* What are the key characteristics for successful entry to new international markets? *How can sustainability' affect decision making within businesses? What's new: *A new selection of case studies drawn from many business sectors using up-to-date and student-friendly examples such as branding at Topshop, the Rugby World Cup, Ikea, Daewoo and the London Olympics. *Balanced consideration of business issues in the UK, EU and globally are highlighted with new examples from a number of countries, including new growth economies such as China, India, Russia and Korea. *This second edition continues to build on the successful active learning approach of the first edition with new questions, activities, exercises and checkpoints to stop and assess your understanding as you read through the text. Go to the book's Companion Website www.pearsoned.co.uk/griffithswall when you see this icon in the text. You will find extra practice including interactive activities, Are you ready?' quizzes and exam style practice questions with instant feedback. This is the ideal textbook for students following courses in introductory economics with a business and management focus. Its detailed consideration of wider dimensions of the business environment, such as political, legal, ethical, sociocultural, technological and environmental issues, make it suitable for more general courses on the business environment with an economic underpinning. About the authors Alan Griffiths is Reader in Economics at the Ashcroft International Business School, Anglia Ruskin University. Stuart Wall is Professor of Business and Economics

Education and Head of Department of International Business and Strategy at the Ashcroft International Business School, Anglia Ruskin University.

Users Review

From reader reviews:

Dale Hollander:

What do you think about book? It is just for students because they're still students or it for all people in the world, exactly what the best subject for that? Simply you can be answered for that problem above. Every person has different personality and hobby for every single other. Don't to be pushed someone or something that they don't need do that. You must know how great as well as important the book Economics for Business & Management. All type of book can you see on many solutions. You can look for the internet sources or other social media.

Irene Holmes:

Reading a guide can be one of a lot of task that everyone in the world likes. Do you like reading book therefore. There are a lot of reasons why people enjoyed. First reading a book will give you a lot of new details. When you read a book you will get new information since book is one of various ways to share the information or even their idea. Second, looking at a book will make you actually more imaginative. When you reading a book especially fiction book the author will bring someone to imagine the story how the characters do it anything. Third, it is possible to share your knowledge to others. When you read this Economics for Business & Management, you are able to tells your family, friends in addition to soon about yours reserve. Your knowledge can inspire different ones, make them reading a reserve.

Gloria Lockwood:

This Economics for Business & Management is great reserve for you because the content which can be full of information for you who have always deal with world and also have to make decision every minute. This kind of book reveal it information accurately using great coordinate word or we can declare no rambling sentences included. So if you are read this hurriedly you can have whole information in it. Doesn't mean it only will give you straight forward sentences but challenging core information with splendid delivering sentences. Having Economics for Business & Management in your hand like getting the world in your arm, info in it is not ridiculous just one. We can say that no reserve that offer you world with ten or fifteen second right but this book already do that. So , this really is good reading book. Hey there Mr. and Mrs. busy do you still doubt that?

Richard Horgan:

What is your hobby? Have you heard in which question when you got students? We believe that that question was given by teacher to their students. Many kinds of hobby, Every individual has different hobby. And you know that little person similar to reading or as examining become their hobby. You need to know that reading is very important as well as book as to be the matter. Book is important thing to provide you knowledge, except your teacher or lecturer. You see good news or update regarding something by book. Amount types of books that can you take to be your object. One of them is niagra Economics for Business & Management.
