To Be Real: Telling the Truth and Changing the Face of Feminism From Anchor

A revolutionary exploration of the nature of feminism today, its impact on everyday life, and its promise for the future.

Determined to extend the boundaries of feminism to embrace social, political and economic equality for all humanity, these exciting young activists and thinkers recast the concepts of feminism to reflect their own experiences and beliefs. Inspired by activist and writer Rebecca Walker, they speak out, challenging many of their own assumptions about the women's movement and demanding that readers recognize a new relationship between the personal and the political.

Black and white, male and female, gay and straight, they fearlessly describe their liberation from the feminist ideals that conflict with the reality of who they are, expose shocking secrets, and acknowledge long-hidden accommodations and anomalies.

Editorial Review

From Publishers Weekly

Edited and introduced by Walker, journalist, Ms. editor, and coauthor of *House and Home: Spirits of the South* (Univ. of Washington Pr., 1994), this anthology adds to the growing body of work by and about younger feminists. "An eclectic gathering of folks"?20 activists, academicians, artists?explore the theme of how they define themselves as individuals, against both traditional stereotypes and the feminist ideas and ideals of their parents' generation. bell hooks's "Beauty Laid Bare" discusses the role of material objects in traditional black culture; Naomi Wolf's "Brideland" examines the enduring attraction of the bride image. Other topics include sex in cyberspace, women and aggression, the politics of taking names, feminist hip-hop, how to hold a nonsexist stag party, and the trials of an aspiring corporate attorney. On the whole, it's an energetic and original collection that belongs in most libraries.?Beverly Miller, Boise State Univ. Lib., Id. Copyright 1995 Reed Business Information, Inc.

Determined to extend the boundaries of feminism to embrace social, political, and economic equality for all humanity, these twenty-one exciting young activists and thinkers recast the concepts of feminism to reflect their own personal experiences and beliefs. Inspired by activist and writer Rebecca Walker, they speak out, challenging many of their assumptions about the women's movement and demanding that readers recognize a new relationship between the personal and the political. Black and white, male and female, gay and straight, they fearlessly describe their liberation from the feminist "ideals" that conflict with the reality of who they are, expose "shocking" secrets, and acknowledge long-hidden accommodations and anomalies. Controversial and provocative, *To Be Real* is a blueprint for the creation of a new political force.
