Editorial Review

From the Back Cover

With its primary focus on language development, this comprehensive, contemporary, reader-friendly text encompasses the many new and exciting contributions to the information about human language acquisition, and keeps readers informed of the complex array of topics that provide the foundation for human communication and its development from birth through young adulthood.

Invigorate learning with the Enhanced Pearson eText

The Enhanced Pearson eText provides a rich, interactive learning environment designed to improve student mastery of content with the following multimedia features:

- ***Embedded videos* . With 3 to 6 video clips in each chapter, students and practitioners can watch and hear content that further describes or explains the information in each chapter. Over 90% of the videos were created specifically for this edition.**
- ***Reflect and Apply & Reflect and Analyze* interactive eText features included in each chapter allows readers to access a video, a thought-provoking question that requires application of the content in the video, a hint for thinking about the answer, and detailed feedback.**

About the Author

Kathleen Fahey, Ph.D. is Professor Emeritus at the University of Northern Colorado. She is a speech-language pathologist with 36 years experience in the assessment and intervention of childhood speech, language and literacy disorders. Her areas of expertise include development and disorders of articulation and phonology, early language, and school-age language and literacy. She teaches undergraduate and graduate courses in a traditional and online format.

Users Review

From reader reviews:

Melinda Gregory:

As people who live in often the modest era should be update about what going on or data even knowledge to make all of them keep up with the era which is always change and progress. Some of you maybe can update themselves by examining books. It is a good choice for you but the problems coming to an individual is you don't know which one you should start with. This Born to Talk: An Introduction to Speech and Language Development, Enhanced Pearson eText with Loose-Leaf Version -- Access Card Package (6th Edition) ... Communication Sciences & Disorders Series) is our recommendation so you keep up with the world. Why, because book serves what you want and need in this era.

Colton Fierros:

Spent a free the perfect time to be fun activity to try and do! A lot of people spent their leisure time with their family, or all their friends. Usually they carrying out activity like watching television, going to beach, or picnic from the park. They actually doing ditto every week. Do you feel it? Would you like to something different to fill your own free time/ holiday? Could be reading a book is usually option to fill your free of charge time/ holiday. The first thing that you'll ask may be what kinds of guide that you should read. If you want to test look for book, may be the guide untitled Born to Talk: An Introduction to Speech and Language Development, Enhanced Pearson eText with Loose-Leaf Version -- Access Card Package (6th Edition) ... Communication Sciences & Disorders Series) can be fine book to read. May be it might be best activity to you.

Rudy Hendren:

Exactly why? Because this Born to Talk: An Introduction to Speech and Language Development, Enhanced Pearson eText with Loose-Leaf Version -- Access Card Package (6th Edition) ... Communication Sciences & Disorders Series) is an unordinary book that the inside of the publication waiting for you to snap this but latter it will surprise you with the secret it inside. Reading this book alongside it was fantastic author who else write the book in such awesome way makes the content on the inside easier to understand, entertaining way but still convey the meaning entirely. So , it is good for you for not hesitating having this any longer or you going to regret it. This amazing book will give you a lot of advantages than the other book have got such as help improving your ability and your critical thinking way. So , still want to delay having that book? If I were you I will go to the publication store hurriedly.

Stacy Abercrombie:

Do you have something that you prefer such as book? The reserve lovers usually prefer to pick book like comic, limited story and the biggest one is novel. Now, why not attempting Born to Talk: An Introduction to Speech and Language Development, Enhanced Pearson eText with Loose-Leaf Version -- Access Card Package (6th Edition) ... Communication Sciences & Disorders Series) that give your fun preference will be satisfied by simply reading this book. Reading addiction all over the world can be said as the opportunity for people to know world far better then how they react towards the world. It can't be stated constantly that reading habit only for the geeky particular person but for all of you who wants to always be success person. So , for all of you who want to start reading as your good habit, you may pick Born to Talk: An Introduction to Speech and Language Development, Enhanced Pearson eText with Loose-Leaf Version -- Access Card Package (6th Edition) ... Communication Sciences & Disorders Series) become your starter.
