Russian literature for children and young people has a history that goes back over 400 years, starting in the late sixteenth century with the earliest alphabet primers and passing through many different phases over the centuries that followed. It has its own success stories and tragedies, talented writers and mediocrities, bestsellers and long-forgotten prize winners. After their seizure of power in 1917, the Bolsheviks set about creating a new culture for a new man and a starting point was children's literature. 70 years of Soviet control and censorship were succeeded in the 1990s by a re-birth of Russian children's literature.
