## Handbook of Psychiatry in Palliative Medicine From Oxford University Press

Psychiatric, or psychosocial, palliative care has transformed palliative medicine. Palliation that neglects psychosocial dimensions of patient and family experience fails to meet contemporary standards of comprehensive palliative care. While a focus on somatic issues has sometimes overshadowed attention to psychological, existential, and spiritual end-of-life challenges, the past decade has seen an all encompassing, multi-disciplinary approach to care for the dying take hold.

Written by internationally known psychiatry and palliative care experts, the *Handbook of Psychiatry in Palliative Medicine* is an essential reference for all providers of palliative care, including psychiatrists, psychologists, mental health counselors, oncologists, hospice workers, and social workers.

## **Editorial Review**

### **Review**

"This is a well-organized, thoughtfully written book. The authors include many experts who work at the interface of psychiatry and palliative care. The book is clearly written and summarizes the current state of research in this ever expanding field of study. I would recommend it for anyone interested in learning more about psychiatry in end-of-life care or who is contemplating a career in this area."--Jeffrey Rado, MD, Rush University Medical Center, as reviewed in Doody's

### **About the Author**

Harvey Max Chochinov is Distinguished Professor of Psychiatry at the University of Manitoba and Director of the Manitoba Palliative Care Research Unit at CancerCare Manitoba.

William Breitbart is Vice Chair of the Department of Psychiatry and Behavioral Sciences and Chief of Psychiatry Service at Memorial Sloan-Kettering Cancer Center in New York. He is also Professor of Psychiatry at Weill Cornell Medical College at Cornell University.

## **Users Review**

### **From reader reviews:**

#### **Rodney Alvarez:**

Playing with family in a park, coming to see the ocean world or hanging out with buddies is thing that usually you might have done when you have spare time, subsequently why you don't try factor that really opposite from that. One particular activity that make you not sensation tired but still relaxing, trilling like on roller coaster you already been ride on and with addition info. Even you love Handbook of Psychiatry in Palliative Medicine, you are able to enjoy both. It is good combination right, you still want to miss it? What kind of hang type is it? Oh come on its mind hangout people. What? Still don't understand it, oh come on its known as reading friends.

#### **Joshua Allen:**
