Icon By Frederick Forsyth

From the master of the novel of international intrigue comes a riveting new book as timely and unsettling as tomorrow's headlines.

It is summer 1999 in Russia, a country on the threshold of anarchy. An interim president sits powerless in Moscow as his nation is wracked by famine and inflation, crime and corruption, and seething hordes of the unemployed roam the streets.

For the West, Russia is a basket case. But for Igor Komarov, one-time army sergeant who has risen to leadership of the right-wing UPF party, the chaos is made to order. As he waits in the wings for the presidential election of January 2000, his striking voice rings out over the airwaves offering the roiling masses hope at last--not only for law, order, and prosperity, but for restoring the lost greatness of their land.

Who is this man with the golden tongue who is so quickly becoming the promise of a Russia reborn? A document stolen from party headquarters and smuggled to Washington and London sends nightmare chills through those who remember the past, for this Black Manifesto is pure *Mein Kampf* in a country with frightening parallels to the Germany of the Weimar Republic.

Officially the West can do nothing, but in secret a group of elder statesmen sends the only person who can expose the truth about Komarov into the heart of the inferno. Jason Monk, ex-CIA and "the best damn agent-runner we ever had," had sworn he would never return to Moscow, but one name changes his mind. Colonel Anatoli Grishin, the KGB officer who tortured and murdered four of Monk's agents after they had been betrayed by Aldrich Ames, is now Komarov's head of security.

Monk has a dual mission: to stop Komarov, whatever it takes, and to prepare the way for an icon worthy of the Russian people. But he has a personal mission as well: to settle the final score with Grishin. To do this he must stay alive--and the forces allied against him are ruthless, the time frighteningly short....

Editorial Review

Amazon.com Review

Trapped in a snowbound cabin or on a long flight, there's nobody more reliable than Forsyth for guaranteed diversion. His narrative engine is one of the best in the business; his characters spring quickly to life; he blends research and imagination into high drama. **Icon** is set in the Russia of 1999, where an ultra-nationalist zealot you might recognize from *Nightline* is about to become head of state. When his dangerous agenda leaks out, no Western government wants to take action -- so a private task force including ex-CIA agent Jason Monk is sent in to derail the demagogue. It's all in the grand tradition of previous Forsythe winners, from *The Day of the Jackal*, *The Odessa File* and *The Dogs of War* through *The Fourth Protocol* and *The Deceiver*.

From Publishers Weekly

While for sheer reading excitement Forsyth has yet to top his fiction debut, *Day of the Jackal*, published a quarter century ago, his later novels (*The Fist of God*, etc.) display a mature mastery of storytelling melded with a deep knowledge of realpolitik. Here, contemporary Russian crypto-fascists prove every bit as villainous as their Communist predecessors whom Forsyth portrayed in *The Fourth Protocol* and *The Deceiver*. It's 1999, and ultra-nationalist Igor Komarov's victory in the upcoming Russian presidential election seems assured. But within Komarov's party headquarters, an elderly janitor accidentally discovers Komarov's secret plans for Russia, laid out in a document that comes to be known as the Black Manifesto?a blueprint for a return to dictatorship, military expansionism and genocidal ethnic cleansing. The manifesto soon comes to the attention of British intelligence, but both they and the CIA are restrained by their governments from taking official action. So with the backing of an organization of international VIPs, former British Secret Service chief Sir Nigel Irvine mounts his own covert operation to subvert Komarov. Ex-CIA operative Jason Monk, who once ran highly placed agents in the Soviet Union, will be Irvine's point man. As usual, Forsyth interweaves speculation with historical fact, stitching his plot pieces with a cogent analysis of both Russian politics and the world of espionage?particularly the legacy of the real-life Aldrich Ames, a Soviet mole who tunneled deep into the CIA. Shifting back and forth in time and space among a large cast of characters, Forsyth expertly builds suspense toward a climactic New Year's Eve skirmish in Moscow. It's another strong performance by a writer who knows exactly what he's about, and who here catalyzes narrative with another memorable protagonist, the stealthy and daring Monk. Major ad/promo; BOMC main selection. Copyright 1996 Reed Business Information, Inc.

From School Library Journal

YA. This complex spy novel opens in the summer of 1999 in a Russia on the brink of economic and political ruin as its elected President dies. Information leaks to the West indicating that his probable successor, Komarov, is a bigot who makes Hitler seem tame. Alternating sections take readers back to 1983 to give necessary background and introduce the hero, Jason Monk, before resuming the primary plot. Monk works for the CIA and has been hired to stop the election of Komarov. Many of his efforts are hampered by Aldrich Ames, a Russian spy who worked in the CIA and eliminated those who might have helped Monk in 1999. The use of actual political leaders and spies makes for an engaging blend of truth and fiction. In spite of the novel's length, Forsyth is adept at reviewing both past events and identifying characters within the plot while providing a good description of the problems of contemporary Russia. Even though readers know that Monk will be successful, the epilogue holds final, creative surprises. An intriguing story of espionage.?Claudia Moore, W. T. Woodson High School, Fairfax, VA

Users Review

From reader reviews:

David Long:

Reading a guide can be one of a lot of task that everyone in the world loves. Do you like reading book therefore. There are a lot of reasons why people love it. First reading a e-book will give you a lot of new info. When you read a reserve you will get new information simply because book is one of several ways to share the information or perhaps their idea. Second, reading a book will make you more imaginative. When you reading a book especially hype book the author will bring you to imagine the story how the people do it anything. Third, you may share your knowledge to other individuals. When you read this Icon, it is possible to tells your family, friends in addition to soon about yours reserve. Your knowledge can inspire different ones, make them reading a reserve.

Christian Rice:

Playing with family inside a park, coming to see the ocean world or hanging out with close friends is thing that usually you have done when you have spare time, then why you don't try matter that really opposite from that. 1 activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you are ride on and with addition details. Even you love Icon, you may enjoy both. It is very good combination right, you still need to miss it? What kind of hang type is it? Oh seriously its mind hangout people. What? Still don't understand it, oh come on its identified as reading friends.

Barbra Poole:

This Icon is fresh way for you who has intense curiosity to look for some information given it relief your hunger of knowledge. Getting deeper you in it getting knowledge more you know or else you who still having bit of digest in reading this Icon can be the light food for you personally because the information inside that book is easy to get by anyone. These books produce itself in the form and that is reachable by anyone, sure I mean in the e-book form. People who think that in guide form make them feel tired even dizzy this e-book is the answer. So there isn't any in reading a publication especially this one. You can find actually looking for. It should be here for anyone. So , don't miss it! Just read this e-book style for your better life in addition to knowledge.

Tammy Clark:

Guide is one of source of understanding. We can add our expertise from it. Not only for students but in addition native or citizen have to have book to know the upgrade information of year to be able to year. As we know those books have many advantages. Beside we all add our knowledge, can bring us to around the world. From the book Icon we can consider more advantage. Don't you to definitely be creative people? To become creative person must love to read a book. Just choose the best book that suitable with your aim. Don't possibly be doubt to change your life at this time book Icon. You can more pleasing than now.
