**Operations and Supply Chain Management (Mcgraw-Hill / Irwin)** By F. Robert Jacobs, Richard Chase

Resourceful companies today must successfully manage the entire supply flow, from the sources of the firm, through the value-added processes of the firm, and on to the customers of the firm. The fourteenth edition of *Operations and Supply Chain Management* provides well-balanced coverage of managing people and applying sophisticated technology to operations and supply chain management.

Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.
