Europe Entrapped By Claus Offe

Today Europe finds itself in a crisis that casts a dark shadow over an entire generation. The seriousness of the crisis stems from one core political contradiction at the heart of the European project: namely, that what urgently needs to be done is also extremely unpopular and therefore virtually impossible to do democratically. What must be done - and almost everyone agrees in principle on the measures that would be needed to deal with the financial crisis - cannot be sold to the voting public of the core member states, which so far have been less affected by the crisis than those on the periphery, nor can the conditions that core members try to impose be easily sold to voters in the deficit countries.

The European Union is therefore becoming increasingly disunited, with deepening divides between the German-dominated 'core' and the southern 'periphery', between the winners and the losers of the common currency, between the advocates of greater integration and the anti-Europeans, between the technocrats and the populists. Europe finds itself trapped by the deepening divisions that are opening up across the Continent, obstructing its ability to deal with a crisis that has already caused massive social suffering in the countries of the European periphery and is threatening to derail the very project of the European Union.

In this short book, Claus Offe brings into sharp focus the central political problem that lies at the heart of the EU and shackles its ability to deal with the most serious crisis of its short history.

Editorial Review

Review

"The title of his book says it all: Europe finds itself in a trap of its own making. Offe has no easy answers as to how the continent might escape. But his 130-page essay is a model of analytical clarity and should be required reading for anyone who wants to grasp the core issues of the crisis—and eschew simple slogans and facile apportionment of blame to single nations (whether Germany or Greece)."

Current History

"This is a strangely heart-warming book. While Claus Offe analyses the weaknesses and failures of European integration with ruthless precision, he also reminds us powerfully of the values of the European ideal, and shows how we could come closer to realising them - if only political leaders had the will and tenacity to do so. In the current climate of Europhobia, this is the nearest thing to realistic optimism that we are likely to get."

Colin Crouch, University of Warwick

"Claus Offe has written a passionate, probing, and deeply perturbing book that both excoriates the European Union and provides a glimpse of hope in the struggle for a social Europe."

Gary Marks, UNC-Chapel Hill and RVU Amsterdam

"After so many years without a resolution, it is hard to feel hopeful about the euro crisis. If there are grounds for hope they lie in this volume. In it Claus Offe describes how the citizens of Europe, and of Germany in particular, frame the crisis. He explains how that framing defines the range of feasible policy options. Offe shows how it is in the capacity of those citizens and their leaders -- of European society, in other words -- to modify that framing in ways that open the door to a more constructive policy response. Offe's careful analysis deserves a wide audience. If it receives one, Europe will be a better place."

Barry Eichengreen, University of California, Berkeley

"At the core of this book is the proposition that, though the Euro was a mistake, its undoing would be a greater mistake. Around this insight, Offe describes the logic of the economic, institutional, political and cultural traps that have been sprung on European polities. The great merit of this book is that it poses the fundamental question implicit in any attempt to escape such traps: who is to be the agent of change? No one reading this book will think that this question has an easy answer; they will realise that an answer is desperately called for."

Albert Weale, University College London

'Europe Entrapped brilliantly summarizes the huge complexity of the EU that hinders its effective crisis management, and comes with a passionate call for more material solidarity among EU citizens... Offe contributes a most welcome counterweight to all the short and simple arguments attributing blame for the crisis to a small group of people, persons, or institutions. For everyone interested in the Euro crisis and annoyed or confused by the barrage of media coverage on it, I highly recommend this book.'

International Studies Review

'Offe provides a lucid explanation of the Eurozone crisis and how Europeans should reform their institutions. While assembling the intellectual tools to dissect this predicament, he paints a full picture of the challenges facing welfare states under globalization... The silver lining of this book is that it is partisan in

the best possible way: provocative but not distorting, critical but not irascible. Most of all: its political rallying cry to citizens, namely that the Europe we have is flawed and the one we stand to gain is worth fighting for, is both urgent and true.'

Constellations

'This is an important read for any Europhile who thinks that anything economically or socially rational must also be politically realistic.'

Times Higher Education

About the Author

Claus Offe is Professor of Political Sociology at the Hertie School of Governance in Berlin. He is author of numerous books, including Contradictions of the Welfare State, Disorganized Capitalism, Modernity and the State, and Reflections on America: Tocqueville, Weber and Adorno in the United States.

Users Review

From reader reviews:

Eileen Lopez:

People live in this new day time of lifestyle always attempt to and must have the free time or they will get great deal of stress from both day to day life and work. So , once we ask do people have free time, we will say absolutely without a doubt. People is human not just a robot. Then we consult again, what kind of activity are there when the spare time coming to anyone of course your answer will probably unlimited right. Then do you ever try this one, reading textbooks. It can be your alternative within spending your spare time, the book you have read is usually Europe Entrapped.

William Reynolds:

In this era globalization it is important to someone to find information. The information will make someone to understand the condition of the world. The healthiness of the world makes the information quicker to share. You can find a lot of references to get information example: internet, classifieds, book, and soon. You can view that now, a lot of publisher which print many kinds of book. The book that recommended to you is Europe Entrapped this e-book consist a lot of the information of the condition of this world now. This book was represented how do the world has grown up. The words styles that writer use for explain it is easy to understand. Typically the writer made some analysis when he makes this book. That is why this book ideal all of you.

Carlos Callahan:

That guide can make you to feel relax. This kind of book Europe Entrapped was colorful and of course has pictures on there. As we know that book Europe Entrapped has many kinds or genre. Start from kids until teenagers. For example Naruto or Detective Conan you can read and think you are the character on there. Therefore , not at all of book tend to be make you bored, any it makes you feel happy, fun and loosen up. Try to choose the best book in your case and try to like reading that.

Edgar Curtis:

As a pupil exactly feel bored in order to reading. If their teacher expected them to go to the library or even make summary for some publication, they are complained. Just very little students that has reading's internal or real their hobby. They just do what the teacher want, like asked to go to the library. They go to right now there but nothing reading seriously. Any students feel that looking at is not important, boring and can't see colorful pics on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this era, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore this Europe Entrapped can make you experience more interested to read.
