..". the perfect place to begin, or continue, your education."

#### From the Inside Flap

##### Become an Expert Judge of Used Sailboats

Step by step, the author of the bestselling *This Old Boat* shows you how to evaluate the condition of an older fiberglass sailboat—the one you own or the one you'd like to purchase. Don Casey's expert advice helps you:

- \*Assess the condition of a used sailboat in 30 minutes
- \*Prioritize maintenance and repair tasks for a boat you already own
- \*Catch potential problems early
- \*Know where to look and what to look for (and how to interpret what you see)

A professional survey is recommended before purchasing a boat—and usually required for financing—but with *Inspecting the Aging Sailboat*, you can consider and reject any number of boats before settling on "the one." This book will streamline your used-boat shopping while saving you hundreds or even thousands of dollars in professional survey fees.

Don Casey is one of today's best and most trusted do-it-yourself boating writers. His nine books include the bestselling *This Old Boat* and *Sailboat Electrics Simplified*. He writes the long-running "Ask Don Casey" column for BoatUS.com and is a monthly columnist for Sailnet.com and a regular SAIL magazine contributor.
