**Introduction to Security, Ninth Edition** By Robert Fischer Ph.D., Edward Halibozek MBA, David Walters

*Introduction to Security* has been the leading text on private security for over thirty years. Celebrated for its balanced and professional approach, this new edition gives future security professionals a broad, solid base that prepares them to serve in a variety of positions. Security is a diverse and rapidly growing field that is immune to outsourcing. The author team as well as an outstanding group of subject-matter experts combine their knowledge and experience with a full package of materials geared to experiential learning. As a recommended title for security certifications, and an information source for the military, this is an essential reference for all security professionals. This timely revision expands on key topics and adds new material on important issues in the 21st century environment such as the importance of communication skills; the value of education; internet-related security risks; changing business paradigms; and brand protection.

- New sections on terrorism and emerging security threats like cybercrime and piracy
- Top industry professionals from aerospace and computer firms join instructors from large academic programs as co-authors and contributors
- Expanded ancillaries for both instructors and students, including interactive web-based video and case studies

## **Editorial Review**

### **Review**

*"The second section of the book covers the basics of defense and includes a variety of topics from legal issues to contingency planning and emergency response. The legal section in particular offers a valuable discussion of issues someone new to the field should be aware of."*--**SecurityManagement.com, November 1, 2013**

### **From the Back Cover**

*Introduction to Security* has been the leading text on private security for over thirty years. Celebrated for its balanced and professional approach, this new edition gives future security professionals a broad, solid base that prepares them to serve in a variety positions in a growing field that is immune to outsourcing. The author team as well as an outstanding group of subject-matter experts combine knowledge and experience with a full package of materials geared to experiential learning. As a recommended title for security certifications, it is a crucial resource for the 30,000+ ASIS International members, and is also used as a core security textbook in universities throughout the country. This is Butterworth-Heinemann's best-selling security text of all time, an essential reference for all security professionals. This timely revision expands on key topics and adds new material on the important issues in the 21st century environment such as: the importance of communication skills; the value of education; internet-related security risks; changing business paradigms; and brand protection.

### **About the Author**

Robert Fischer is President of Assets Protection Associates, Inc., a security consulting firm established in 1986. He earned his Ph.D. in education administration from Southern Illinois University in 1981. Dr. Fischer has served as a consultant to many organizations, including publishers, private security firms, retailers, and school districts. Dr. Fischer is a member of the Academy of Criminal Justice Sciences, the American Society for Industrial Security, The Academy of Security Educators and Trainers, and the International Police Association. He recently retired from his positions as the Director of Illinois Law Enforcement Executive Institute, a project of the Illinois Law Enforcement and Standards Board, and as a professor of law enforcement and justice administration at Western Illinois University.

Edward P. Halibozek is currently a corporate vice president of security for a Fortune 100 company headquartered in Los Angeles, California. He holds a Master of Science in Criminal Justice and an MBA in business. Mr. Halibozek is an experienced lecturer and has written and published many articles, papers, plans, policies and procedures related to corporate security.

Mr. Halibozek is the former Chairperson for the Aerospace Industries Association, Industrial Security Committee and is a member of the Board of Directors for the Chief Special Agents Association in Los Angeles California. Mr. Halibozek served for four years as an Industry member to the National Industrial Security Program Policy Advisory Committee (NISPPAC).
