QuickBooks 2015: A Complete Course & Access Card Package (16th Edition) By Janet Horne

*For one-semester courses in Microcomputer Accounting.
This package includes QuickBooks® 2015 software.*

Provide a Real-World Experience with Extensive Hands-On Material

Designed to present accounting concepts and their relationship to QuickBooks 2015, **QuickBooks® 2015: A Complete Course** is a comprehensive instructional learning resource. The **Sixteenth Edition** uses fictitious companies and the QuickBooks® Premier Accountant 2015 accounting program to provide hands-on training while it introduces major accounting concepts. Readers have ample opportunity to apply the concepts they learn about in the book and software, and transition from training to using QuickBooks 2015 in an actual business.

While the book was written using the 2015 Accountant's version of QuickBooks Premier, it may be used with the Pro version of the program as well. (Because of the many differences between the Windows and Mac versions of QuickBooks, this book should not be used for training using QuickBooks for the Mac.) No prior knowledge of or experience with computers, Windows, or QuickBooks is required; however, an understanding of accounting, specifically the accounting cycle and how it is related to a business, is essential to successful completion of the coursework.

Editorial Review

About the Author

Janet Horne received her Master of Science in Business Administration and Bachelor of Science in Business Education from California State University, Long Beach and has spent her career teaching business and computer applications courses. The majority of her teaching career has been at Los Angeles Pierce College, where, in addition to being a full-time professor, she has also been the Computer Applications and Office Technologies Department Chairperson, served on many committees, and developed new programs. Janet has been a presenter at many educational meetings and seminars and involved with a variety of professional organizations.

Janet's quest to find a textbook to use in teaching QuickBooks led her to write one of the first texts for QuickBooks. The text is designed for a semester-length course with the purpose of teaching students how to use QuickBooks in the business world. The text goes from simple to complex in transaction analysis and entry. *QuickBooks 2015: A Complete Course* is the sixteenth edition of the book. Other textbooks by Janet Horne include several editions of *QuickBooks Pro: Simplified*, *QuickBooks Pro: An Introduction*, *Peachtree Complete Accounting*, *Getting Started with QuickBooks Pro*, and *Computerized Accounting with CA-Simply Accounting*. Janet is also the author of *Runners Corporation* and *A-1 Photography* accounting practice sets.
