## Susan Haack: A Lady of Distinction-The Philosopher Responds to Her Critics

From Brand: Prometheus Books

In this critical appraisal of the work of philosopher Susan Haack, editor Cornelis de Waal has assembled sixteen original essays from outstanding international contributors together with responses from Haack on the points raised. The contributors address most of Haack's key publications, from her early writings on metaphysics to her most recent work in the philosophy of science and the philosophy of law. Topics include: the revisability of logic, the role of emotion in reasoning, scientific integrity, postmodernism and the law, the relation of science to religion, preferential hiring, multiple aspects of Haack's "foundherentism," and her crossword analogy.

The volume also includes an extensive interview with Haack, which traces the development of her thought, and a complete bibliography of her work.

For anyone seeking a better understanding of the work of this important philosopher, this unique collection offers many invaluable insights.

### Editorial Review

#### Review

"The book on Susan Haack's philosophy is a welcome achievement in a grand tradition, as in the series of volumes of 'The Library of Living Philosophers.' Here, too, the multifaceted contributions by a distinguished philosopher are analyzed in turn by nearly a score of feisty scholars, each of whom then is answered by Susan Haack's illuminating reply. Altogether, a feast."

GERALD HOLTON

Mallinckrodt Research Professor of Physics

Research Professor of History of Science, Harvard University

Author of Thematic Origins of Scientific Thought: Kepler to Einstein and Science and Anti-Science

"As is well known, Susan Haack combines the fullest technical professionalism in philosophy with a commitment to vigorous participation in debate on large public issues. Her special gift is her ability to bring the former to bear on the latter. This well-conceived collection brings out the force and energy of her thinking."

LORD ANTHONY QUINTON

Former President of Trinity College, Oxford

Former Chairman of the British Library Board and the author of Hume
