**The Hospital for Sick Children Handbook of Pediatrics, 11e** By Anne I. Dipchand MD FRCPC, Jeremy N. Friedman MB ChB FRCPC FAAP, Sumit Gupta MD, Zia Bismilla MEd MD FRCPC, Catherine Lam MD

The new edition of The Hospital for Sick Children Handbook of Pediatrics offers the most current diagnostic and therapeutic approaches to pediatric clinical problems. This practical pocket-size guide provides succinct, easily accessible, and evidence-based answers for the diagnosis and management of pediatric patients, spanning primary to quaternary care. Designed to be the essential pediatric reference for use in any health care setting, the 11th edition provides practical, algorithmic, and system-based approaches to a wide range of pediatric scenarios. Written by residents, physicians, and specialists from one of the world's top pediatric health care centers, this unique pediatric reference is used by medical students, residents, practicing pediatricians, family physicians, emergency physicians, nurses, and other interdisciplinary practitioners.

- A convenient, pocket-sized design allows for quick reference
- Provides the most up-to-date diagnostic and therapeutic approaches to pediatric clinical problems using evidence-based guidelines
- Information for urgent situations is readily accessible and comprehensive
- All important normal reference values are included throughout the Handbook for various ages and sizes of pediatric patients
- Abundant algorithms for bedside diagnoses and management of various scenarios
- Listings of key Web sites and Further Readings allow users to research important information further
- Comprehensive 6-chapter Acute Care section covers key pediatric emergencies
- Up-to-date Pediatric Advanced Life Support (PALS) algorithms
- Resuscitation drugs featured on inside back cover for easy access
- Common equations and normal vital signs featured on inside front cover for quick reference
- New and revised coverage on substance abuse, psychiatric emergencies, and acute presentation of eating disorders
- New chapters include: Diagnostic Imaging and Interventional Radiology,

Immunoprophylaxis, and Child Maltreatment

- Free and fully searchable online access to the full contents of the book

Website access will be provided until the next edition is published, or until the current edition is no longer offered for sale by Elsevier.

## **Editorial Review**

## **Users Review**

### **From reader reviews:**

#### **Rosa Nguyen:**

What do you think of book? It is just for students because they're still students or the idea for all people in the world, the actual best subject for that? Just you can be answered for that issue above. Every person has diverse personality and hobby for each and every other. Don't to be obligated someone or something that they don't wish do that. You must know how great and also important the book The Hospital for Sick Children Handbook of Pediatrics, 11e. All type of book are you able to see on many options. You can look for the internet sources or other social media.

#### **Derrick Robertson:**

In this 21st century, people become competitive in each way. By being competitive now, people have do something to make these people survives, being in the middle of the actual crowded place and notice by means of surrounding. One thing that sometimes many people have underestimated that for a while is reading. Yep, by reading a publication your ability to survive increase then having chance to stay than other is high. For you personally who want to start reading any book, we give you this The Hospital for Sick Children Handbook of Pediatrics, 11e book as beginning and daily reading book. Why, because this book is more than just a book.

#### **Carl Brinkley:**

Exactly why? Because this The Hospital for Sick Children Handbook of Pediatrics, 11e is an unordinary book that the inside of the book waiting for you to snap it but latter it will surprise you with the secret that inside. Reading this book next to it was fantastic author who write the book in such awesome way makes the content on the inside easier to understand, entertaining method but still convey the meaning completely. So , it is good for you for not hesitating having this nowadays or you going to regret it. This excellent book will give you a lot of positive aspects than the other book possess such as help improving your skill and your critical thinking method. So , still want to hold off having that book? If I ended up you I will go to the book store hurriedly.

#### **Belinda Bridges:**

Is it you who having spare time and then spend it whole day by watching television programs or just lying on the bed? Do you need something new? This The Hospital for Sick Children Handbook of Pediatrics, 11e can

be the respond to, oh how comes? It's a book you know. You are therefore out of date, spending your free time by reading in this new era is common not a nerd activity. So what these ebooks have than the others?
